

## Accommodation

The City of Cluj-Napoca supplies a wide range of accommodation offers; however **it is important that you book as early as possible** since the touristic demand in Cluj-Napoca is also great and the bookings are made well in advance (at least 4 months).

In the table below you can find a selection of accommodation options (3 and 4 stars) within walking distance (ca. 1 km) of the Faculty of Economics - FSEGA (the Symposium venue, which is not situated in the city centre). These are ordered by increasing distance from the Venue. Please take notice that the prices in the table below are given only as a rough guide and must be verified for the particular accommodation period and room type.

Name	Address (Street, no.)	Stars	Booking.com minimum price (EUR/RON)*	Rating (Booking.com where not specified)
